

Ceiling Plafon

WPC Ceilings Plafon offer several advantages, including noise reduction, energy efficiency, and improved aesthetics. They can also enhance a space's perceived size, provide better airflow, and improve indoor air quality. Additionally, ceilings can be designed for fire safety, moisture resistance, and ease of maintenance

Size : 16 x 112.6 x 2900mm
Coverage : 20 PCS / BOX
Surface : ASA CO-Extruded
Color : 4 Option colors

COLOR / ART COLOR

Elegant Appearance

Featuring refined surface texture, they closely mimic the natural beauty of wood, enhancing aesthetic appeal

Versatile Performance

With versatile processing capabilities, they facilitate easy molding, cutting, and installation for various applications

Stable Color Retention

Excellent color stability, with maintaining vibrancy even after prolonged exposure to sunlight

Durable

Demonstrate strong resilience against impacts and collisions, ensuring long-lasting durability
